## Cascade Art - Maldon's Fine Art Treasure A must see on any visit to Central Goldfields - it's all about the experience.

Cascade Art is set in a former **Gothic Revival Church built in 1863. Artist Jeff Gardner and I are the new custodians of this iconic and historically significant building.** We have lived in Maldon for 20 years and both felt compelled to be part of Maldon's unique Living History. Maldon has been designated "Australia's first notable town" and is notable for its 19th-century appearance, maintained since gold-rush days. An exemplary example of Gold Rush architecture exists intact in Main and High Streets.

When the former Uniting Church building came up for sale Jeff and I both had a vision – this treasure would be the perfect venue for us to make our home and re-invent and re-invigorate our existing Art business. Prior to investing in Fountain Street we had a terrific little micro business **Cascade Print Room** in Main Street for over 6 years. Prior to this we managed **Cascade Print Workshop** situated at Porcupine Flat, 6 kms north of Maldon. Here we made limited edition prints, held workshops, exhibitions and had open studios.

What is so amazing about this next chapter in our story is it is like Cascade has grown up. **Cascade Art is the umbrella for all the best bits of our previous creative and business forays.** Under the banner Cascade Art we have the Cascade Art Gallery, which will have monthly Focus Exhibitions and associated events - official openings, Artist floor talks, small workshops and pop up happenings! Cascade Art - Prints will be the ongoing Cascade Print Room and we will continue to foster established and emerging Printmakers.

We have 4 printing presses that will be cranked up to get those limited editions and artists books flowing again!

Part of the Cascade Art mission is to form relationships and creative partnerships with other exceptional Artists and interested and ethical organisations.

**Cascade Collaborations** is the culmination of these associations. There will be new art works produced and exhibited initially in Maldon at our beautiful Art Gallery and then released to the rest of the world!

Cascade Art **Calendar of Events** will feature Focus exhibitions, Group exhibitions and other 'under wraps' pop-up happenings.

**Cascade Art Framing** is our in house Artisan framing business with Jeff Gardner at the helm leading the team.

**Cascade Off-Cuts** is a small concern and one of my passions. As a former Secondary School Art /Craft Teacher I love turning waste into treasure! Cascade Off-Cuts are small items available once a month the same day as the **Maldon Market**. The items will be the **by-product of Art, Printmaking and Framing production**. We use archival papers and museum acid free matt boards and these materials all have the chance of a second creative life, which is Cascade Off- Cuts.

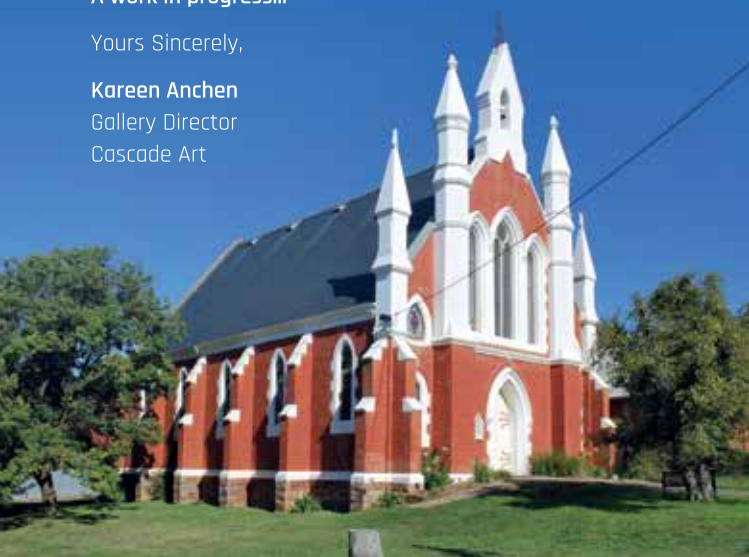

**We're excited!**

We have been landscaping the entrance to not only make the entrance beautiful but also to make the venue fully **wheel chair accessible and people friendly**.

**A work in progress...**

Yours Sincerely,

**Kareen Anchen**

# THE LONG SUMMER SALON

## Drawing from the line

2pm Saturday 9 Mar – 5 May, 2019

A printmaking response to poetry, quotation and words that shape us. This exhibition brings together an eclectic collection of imaginative and talented Printmakers. Each print reveals a curious interest in the poetics of language and image making. Over 20 Artists have contributed a small exclusive edition of prints for this select exhibition. Drawing from the line is in the tradition of previous Cascade Printmaking Projects such as the highly acclaimed Tree Show 2013 and Biting Issues 2011 which were also part of former Castlemaine State Festivals.

## Cascade Art Framing

At Cascade we are committed to getting "it right". We will help you get the choice of frame right, the materials right and the methods right.

**We are Artists at Framing.**

## Cascade Off-Cuts

We turn our off-cuts into useful items including small frames, ready-made matts, booklets and anything else we get excited about!

We have paper off cuts and foam board suitable for craft projects and paper makers. Cascade Off-Cuts is a small up-cycling enterprise initiated by Kareen and Jeff. Cascade Off-Cuts' items are only available on Maldon Market days - the second Sunday of the month.

14 October, 2018 - 11 November, 2018 - 9 December, 2018  
13 January, 2018 - 10 February, 2019 - 10 March, 2019  
14 April, 2019 - 12 May, 2019

## Maldon Getaways

Cascade Art recommends Maldon Getaways for excellent value for money - a great range of quirky, boutique and charming places to spend a couple of nights. Jamie always provides amazing personal service to make sure visitors are informed about what's on locally and have a comfortable and relaxing experience in Maldon.

# Maldon's Fine Art Treasure

Cascade Art is committed to presenting Fine Art in the autographic tradition of the hand made. Limited edition Artists' made prints, paintings, drawings, sculpture and Artisan picture framing.
